Saving time with one step to a clean and strong bond.

One Step Perma-Bond Adhesive

TECHNICAL INFORMATION

General Properties:

- Offers an immediate strong bond.
- Does not ooze or crystallize.
- No accelerator is needed.

Easy as DIP, SLIP, and STICK. DIP the rubber piece into a pan of One Step Perma-Bond Adhesive, SLIP it across the edge to remove the excess and STICK it where you want it.

Essential Products One Step Perma-Bond Adhesive requires no accelerator. It's only **one step** to a clean and strong bond. This innovative adhesive saves you time, expense and smell of the accelerator plus the unsightly glue ooze.
