

MAPLE PRODUCT LINE

www.essentialpro.net | 800-331-8811

The flattest Maple dieboards available on the market.

PREMIUM MAPLE

This is our strongest natural wood dieboard featuring 1/16" plies of Northern Maple veneers throughout the board. Excellent for stability, reknifing, and rule holding power for your daily production dies requiring greater strength and a longer life. Essential Products Premium Maple Dieboards meet and exceed all IADD recommend standards for flatness, thickness, voids, and overall quality.

STANDARD MAPLE

This cost saving 5 or 7 ply Maple Dieboard features the same high quality Maple Faces as above with mixed Maple and other hardwood core veneers to reduce your cost. The Maple face offers stability, reknifing, and rule holding power. Like our Premium Maple dieboards, Standard Maple dieboards meet and exceed all IADD recommended standards for flatness, thickness, voids, and overall quality.
